

Protegis Fire & Safety is a National Provider of Fire and Life Safety Services. We take the burden of fire and life safety off the property management team, so they can concentrate on tenant driven concerns.

We offer testing, inspection, maintenance and engineering services in support of any and all fire and life safety systems.

Why Use a National Provider?

- ◆ Eliminate the "Guess Work"
- ◆ Vendor consolidation
- ◆ Increased efficiencies - schedule consolidation
- ◆ Convenience
- ◆ Consistent deliverables throughout portfolio
- ◆ Compliance with local AHJ
- ◆ Standardized pricing on regional or national level

Property Assessment Program

- ◆ Visually gather information on fire & life safety assets
- ◆ Performed by NICET certified personnel
- ◆ Information gathered includes:
 - Location of systems
 - Type of systems
 - Existing condition
- ◆ Deliverables:
 - Organized photographs
 - Property maps showing location of systems and fire hydrants
 - Property assessment report
- ◆ Value to you: We can provide exact maintenance costs and forecast potential future spend due to system conditions and required maintenance upcoming

National Account Operations Structure

- ◆ Dedicated account manager
- ◆ Scheduling team
- ◆ Subject matter experts
- ◆ Affiliate management

Defined SLA's

- ◆ Examples
 - Scheduling time
 - Paperwork turn-around time
 - Deficiency reporting/quoting

Affiliate Network

- ◆ 400+ Affiliates in network
- ◆ Affiliates comply with insurance, safety and customer expectations via an affiliate agreement
- ◆ Constantly evaluating to ensure we partner with top level providers
